LEADER-ORIENTED CYBER RISK ASSESSMENTS

- Assist business leaders in understanding and demystifying cybersecurity to make informed risk-based decisions
- Analyze businesses' people, processes, and technology to enhance overall security
- Partnered with highly skilled cyber technicians

CARMINE CICALEASE, PRESIDENT & FOUNDER

Carmine Cicalese is the President and Founder of CYBER CIC, LLC. Carmine draws from his twenty-nine-year military career culminating as a United States Army Colonel serving as the Army Staff Chief of Cyberspace and Information Operations. He led the Army's efforts to establish the necessary strategy and policy for its contributions to the cyber mission force and tactical cyberspace capability.

Throughout his military career, he led demographically and functionally diverse organizations accumulating a wealth of leadership knowledge and experiences in a variety of austere, garrison and educational situations.

While serving as a Highly Qualified Expert, Carmine developed a cyber wargaming roadmap for the College of Information and Cyberspace at the National Defense University.

Carmine volunteers for 501(c)3 & (c)6 organizations as a mentor lead for the Military Cyber Professionals Association and as a Board Advisor for the Information Professionals Association. He also serves as an article prepublication editor for Joint Forces Quarterly and as a member of the C4ISRNET Editorial Advisory Board.

His education includes a M.S. Strategic Studies, United States Army War College; a M.S. Telecommunication Management, University of Maryland University College; and a B.S., United States Military Academy.
